RESOLUTION

WHEREAS, the Pasquotank County Commissioners realize it is important for all citizens to do their utmost to protect our environment; and

WHEREAS, it is crucial to the future of our environment that we reduce the amount of solid waste we create; and

WHEREAS, recycling of materials has been shown to reduce considerably the amount of solid waste; and

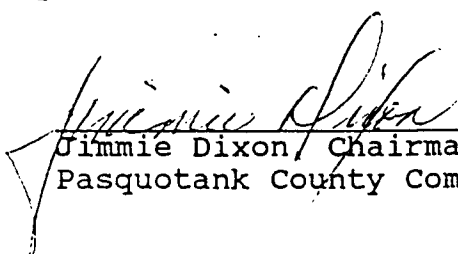

WHEREAS, recycling will only work if markets are established to purchase recycled raw materials; and

WHEREAS, markets can only survive if products made from recycled materials are being purchased;

THEREFORE BE IT RESOLVED that the Pasquotank County Commissioners hereby direct the employees of Pasquotank County to do the following:

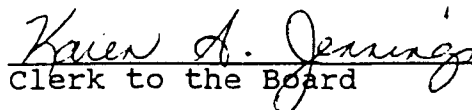

1. Recycle all products used in county government wherever it is economically feasible to do so, and
2. Purchase products for county use made of recycled materials whenever such products meet minimum standards for their particular function and so long as the cost of the products made from recycled materials does not exceed the cost of similar products not made from recycled materials by ten percent.

Adopted this the 17th day of September, 1990.

Jimmie Dixon, Chairman
Pasquotank County Commissioners

Attest:

Karen A. Jennings
Clerk to the Board
